9780982303665, \$18.95, www.lentzleadership.com

It's easy to say you want to change the world, but thinking is something deeper than that. "The Refractive Thinker: Volume III: Change Management" is a collection of essays from various scholars as they discuss change on many different levels from education of business, and more. The writers presented within have doctorates in their chosen field, making their expertise highly enlightening to read, making "The Refractive Thinker" a series to watch out for and be informed by.
